

The diagram shows a cross-section of a landscape. A horizontal line represents the ground surface. Above this line, a contour line is labeled '9.0'. Below the ground surface, there are three rectangular blocks representing stations: 'KS82' on the left, 'S23' in the middle, and 'ZS6' on the right. A line labeled 'St.2' starts from the top left and slopes downwards to the right, passing above the 'KS82' and 'S23' stations. The 'ZS6' station is located below the 'S23' station and to the left of the '9.0' contour line.
