Technical drawing showing a curved road layout with dimensions and labels. The drawing includes a curved road on the left and a straight road on the right. Key dimensions and labels are as follows:

- Top left label: *L. c. 37B*
- Top right label: *(50.0)*
- Dimension 16.3 (horizontal distance from the road centerline to a point on the straight road).
- Dimension 20.1 (horizontal distance from the road centerline to a point on the straight road).
- Dimension 25.1 (horizontal distance from the road centerline to a point on the straight road).
- Label *(50.0)* (vertical distance from the road centerline to a point on the straight road).
- Label *(50.0)* (vertical distance from the road centerline to a point on the straight road).
- Label *(49.5)* (vertical distance from the road centerline to a point on the straight road).
- Dimension 30.0 (horizontal distance from the road centerline to a point on the straight road).
- Dimension 22.0 (horizontal distance from the road centerline to a point on the straight road).
- Label *(50.0)* (vertical distance from the road centerline to a point on the straight road).
- Dimension 24.1 (horizontal distance from the road centerline to a point on the straight road).
- Bottom left label: *L. c. 36B*
- Bottom right label: *P.*
