

EXPLANATION OF TENDER DOCUMENTATION No. 2

– DRAFT DESIGN SUBMISSION STAGE

Public Contract name	NEW MAIN STATION DISTRICT
Contracting Authority 1	The Capital City of Prague Mariánské náměstí 2/2, 111 00 Praha 1 ID No.: 000 64 581 represented by the Department of Property Management of the Capital City of Prague
Contracting Authority 2:	Dopravní podnik hl. m. Prahy, akciová společnost (Prague Public Transit Company, joint-stock company) Sokolovská 42/217, Vysočany, 190 00 Praha 9 ID No.: 000 05 886
Contracting Authority 3:	Správa železnic, státní organizace (Správa železnic, state organisation) Dlážděná 1003/7, 110 00 Praha 1 ID No.: 709 94 234

The Contracting Authority received a written request from a participant in the Procurement Procedure for clarification of the Tender Documentation.

The Contracting Authority hereby provides an explanation of the Tender Documentation (Procurement Terms and Conditions) for the above-mentioned Public Contract in accordance with Section 98 of the PPA, in both Czech and English, including the exact wording of the request for explanation of the Tender Documentation without identifying the participant requesting the explanation. In the event of a discrepancy between the different language versions of the answers, the Czech version of the Contracting Authority's answers shall prevail.

	Question of the participant where the explanation was provided following a request for clarification
1.	<i>[Translation of the question]</i> The park plan in DWG is somewhat inaccurate. The difference between the layers is one meter. Is it possible to get a more accurate plan with contours and points?
	Explanation by the Contracting Authority
1.	The Tender Documentation includes the following underlying documents: P11.1_PODKLADOVA_MAPA_OKOLI and P11.2_PARK_ZAMERENI and P11.3_NOH_ZAMERENI. The purpose of <u>P11.1</u> is primarily to show the surroundings of the area concerned, including <u>related follow-on projects</u> (in later project preparation/implementation stage), which may partially affect the area concerned – especially TT Wenceslas Square. It is therefore an alignment of the existing surroundings and the projects under preparation, which will have been implemented on the commencement of the implementation of New Main Station District.

	<p>The related follow-on projects shown are adopted from the current versions of the documentation and must be adhered to. Other drawings, whether the position of curbs, houses, tracks, etc. are taken from the general technical map (hence, this is not a survey), which, of course, may be inaccurate in certain details.</p> <p>Documents <u>P11.2</u> and <u>P11.3</u> are <u>geodetic surveys</u> of the area concerned in its current state only. That means that when the survey and the base map are projected over each other, there may be differences in partial details, such as the alignment of the curbs (path/grass boundary) in the park. Within the area concerned, documents P11.2 and P11.3 are decisive, both in terms of the height and the ground plan.</p> <p>At the same time, we would like to draw your attention to the section of Wilsonova Street between Politických vězňů Street and Wenceslas Square, where the current state – the position of the curb will be adjusted as part of the TT Wenceslas Square project. This means that in this section, the participants must take into account the solution that will result from the TT Wenceslas Square project and build on it. The new width of the pavement in TT Wenceslas Square may be extended/adjusted. See pictures attached.</p>
--	--

Unless stated otherwise, capitalised terms used in this explanation have the meanings assigned to them in the definitions in the Tender Documentation.

For the avoidance of doubt, the Contracting Authority states that the provision of the above explanation does not imply any change in the Procurement Terms and Conditions (Tender Documentation) within the meaning of Section 98(5) and Section 99 of the PPA and that the deadline for submitting the Draft Designs remains unaffected.

The Contracting Authority also notes that a request for clarification of the Tender Documentation (including any tender documents) may be made either by submitting a written request for explanation via the Contracting Authority's Profile or by an e-mail sent to kamila.kulhankova@havelpartners.cz. If a participant makes a separate request for information to any other person (such as a member of the preparatory team of one of the co-contracting authorities), no information will be provided.
