

EXPLANATION OF THE COMPETITION TERMS AND CONDITIONS NO. 7

On 4 February 2019, Správa železniční dopravní cesty, státní organizace, with its registered office at Dlážděná 1003/7, Prague 1, Postcode 110 00, ID No.: 709 94 234 (the “**Contracting Authority**”) commenced a procurement procedure on the architectural design competition called “**Architectural Design of the Veleslavín railway station**” published in the Tenders Electronic Daily under registration no. Z2019-004321 (the “**Design Competition**”). The Design Competition has been announced as an open design competition pursuant to Section 145 of Act No. 134/2016 Sb., on Public Procurement, as amended (the “**PPA**”).

The contracting authority hereby provides an explanation of the Competition Terms and Conditions on its own initiative in accordance with Section 98(1) of the PPA.

The contracting authority hereby informs the prospective participants that on 4 March 2019 from 10:00 am to 11:30 am **an inspection on the location concerned** was held in compliance with Article 5.3 of the Competition Terms and Conditions. During the inspection, the prospective participants present had an opportunity to become familiar with the current condition of the existing building of the Veleslavín railway station, the location of the area for the design of the future Veleslavín railway station and the surrounding area concerned. The prospective participants were also informed about the point of connection to the future railway station at the lobby of the Veleslavín underground station.

At the beginning of the inspection, the prospective participants present were provided with materials for the inspection of the location, which form annex to this explanation of the Competition Terms and Conditions no. 7 and publicly available to all prospective participants on the contracting authority’s profile.

Currently, a report on the inspection of the site is being prepared to ensure that prospective participants who could not attend the inspection will also become informed about the facts discussed during the inspection of the site. The report on the inspection of the site will be published on the contracting authority’s profile in the next few days and will be in Czech and English.

For the avoidance of any doubt, the Contracting Authority asserts that the provision of the above explanation does not imply a change in the Competition Terms and Conditions within the meaning of Section 98(5) of the PPA and that the deadline for submission of competition entries remains unaffected.
