The Contracting Authority supplements the appendix to the Competition Conditions P21 - Building Programme in its complete wording, which also contains items omitted due to an administrative error caused by the conversion to PDF format. At the same time, it is a matter of supplementing the missing items in the part of the Regional Directorate of the Railway Administration building.

At the same time, the Contracting Authority provides additional information on the document P21 - Building Programme, specifically on the recommended item "spiritual space", for which it recommends participants inspiration from the Royal Chapel, which was historically located on Dominican Square in Brno. The aim of this recommended item is to return the chapel back to the city in some form (either using preserved fragments or a complete reconstruction). The Contracting Authority provides the participants with visual documentation of this chapel as an appendix to this explanation.

In view of the above additions, the Contracting Authority decided to extend the deadline for the submission of Requests to participate accordingly, until 30 September 2020 until 17:00 CET.

Brno, 16 September 2020
