The Contracting Authority received a written request from a participant in the Procurement Procedure for clarification of the Tender Documentation.

The Contracting Authority hereby provides an explanation of the Tender Documentation (Procurement Terms and Conditions) for the above-mentioned Public Contract in accordance with Section 98 of the PPA, in both Czech and English, including the wording of the request for explanation of the Tender Documentation without identifying the participant requesting the explanation. In the event of a discrepancy between the different language versions of the answers, the Czech version of the Contracting Authority's answers shall prevail.

	Question of the participant where the explanation was provided following a request for clarification
1.	We have a request regarding the plan drawings of the existing terminal (P15.19). Would it be possible to get a set of drawings with labels that shows the functions? We are specifically trying to locate the Technological Dispatching Centre. We would like to know if this important function is already located in a suitable location or if we have to relocate it as part of our proposal.
	Explanation by the Contracting Authority
1.	The basic outline of the functions of the individual spaces has been provided in P.02 – area concerned. At this point, a more detailed drawing of the functions cannot be provided. The Technological Dispatching Centre is located on Level -3 (on the level of the metro), as shown in the diagram attached. The space was pointed out when we were standing in the adjacent corridor during our tour of the Terminal Hall. As indicated in the recommendations, its location is considered to be suitable but theoretically, it can be adjusted and relocated if continual 24/7 operation is ensured throughout the entire process.

Unless stated otherwise, capitalised terms used in this explanation have the meanings assigned to them in the definitions in the Tender Documentation.

For the avoidance of doubt, the Contracting Authority states that the provision of the above explanation does not imply any change in the Procurement Terms and Conditions (Tender

Documentation) within the meaning of Section 98(5) and Section 99 of the PPA and that the deadline for submitting the Final Draft Designs remains unaffected.

The Contracting Authority also notes that a request for clarification of the Tender Documentation (including any tender documents) may be made either by submitting a written request for explanation via the Contracting Authority's Profile or by an e-mail sent to kamila.kulhankova@havelpartners.cz. If a participant makes a separate request for information to any other person (such as a member of the preparatory team of one of the co-contracting authorities), no information will be provided.
