

This architectural floor plan depicts a long, narrow room, likely a locker room or a storage area. The room is divided into three main sections by a central corridor. The left and right sections are filled with rows of lockers, each with a small door and a handle. The central corridor is wider and contains a door at one end. The plan includes various annotations such as dimensions (e.g., 10' 0" x 10' 0", 10' 0" x 10' 0"), door swings (indicated by dashed lines and arrows), and ventilation grilles (indicated by rectangular symbols with internal lines). The overall layout is symmetrical, with the central corridor running parallel to the locker rows.

A photograph of a glass display cabinet filled with various packaged food items, including bags of snacks and boxes of instant noodles, arranged on shelves. The cabinet has a white frame and a glass front. The items are organized into rows on four shelves. The top shelf features a red box on the left and several bags of snacks. The second shelf contains more bags of snacks, some with green and yellow packaging. The third shelf has a mix of snack bags and boxes of instant noodles. The bottom shelf is filled with more bags of snacks and boxes of instant noodles. The background of the cabinet is dark, and the items are well-lit.
